COMPANY OVERVIEW

Marketsite Systems is a proudly Zimbabwean registered company and was formed in April 2006. It is based in the Midlands Capital of Gweru and is an innovative and forward looking company with a multi-skilled and diversely experienced human resources base. In the early stages of our business we focused on supply of I.T & stationary products. We were very successful in the I.T. business and decided to expand in 2011. We expanded our product line to include office stationary products.

We now sell all of our products on a national level under the brand, Marketsite Systems. We design all of our products with the environment in mind. We use recycled leather and paper in all of our stationary products. In addition to using recycled products, all of our binders meet international environmental standards. We accept orders for customized products including diaries, notebooks, file folders, pens, gift boxes and any other leather products.

VISION

To be the leading services provider in the region through efficiency, creativity, excellence and innovative technology.

MISSION

To consistently exceed the expectations of our clients through the provision of high quality and superior services.

CORE VALUES

Professionalism: To always exhibit professionalism in all our transactions.

Integrity: To be honest and always abide by the business rules and regulations of any country we conduct business in.

Service: To always give excellence and unparalleled service that exceeds customer expectations.

Innovation: To be innovative in product designs. To continuously improve our products and services including delivery channels that ensure maximum efficiency.

Fairness: To always be professional and provide equal opportunities irrespective of gender, color, religion or creed.

Technology: To continue being the market leader in terms of providing services through innovative technology.
